

ST1300E 33CM LINE TRIMMER

With a cutting swath of 33cm the ST1300E cuts any task down to size. It features a powerful brushless motor providing better efficiency and runtime and for optimum comfort, control and practicality it has a quick adjust handle. The soft-start function and constant-speed control ensure consistent trimming and on a single charge, the Arc Lithium battery gives you all the power you need to tackle the toughest conditions. Other features include dual cutting speed selection, easy line replacement and twin line trimming for faster cutting and lower vibration, while the free-rotating bump cap lets you rest the cutting head on the ground without being worn away!
