

BLUE ARC

BLUE ARC ARC400

The **BLUE ARC** ARC400 welding inverter is equipped with the latest IGBT technology and digital meters.

This technologically advanced inverter is extremely user-friendly and offers reliable and consistent arc performance. The ARC 400 also offers lift TIG functionality making it an ideal choice for industrial applications.

Key Features

- IGBT Inverter technology
- Digital amp and voltmeter
- Stick, Arc-Force, Hot Start, Lift TIG
- Advanced control technology
- Excellent weld characteristics
- Auto-compensation for voltage fluctuation
- Remote control option
- Generator friendly

Technical Data

AC 400V-50/60 Hz	Fuse 30 Amps
Range 30-400	Duty 400A@60%
66	85
Power Factor 0.93	Class : IP21S/F
618 x 330 x 441	24

Package Includes

Inverter power source, Operating instructions, Remote control box

Not Included (Available from your local suppliers)

MMA Leads, Mains plug, Electrodes, TIG torch, Adaptor & consumables, Shielding gas, Filler wire, PPE (Welding helmet, gloves, etc)
