

BLUE ARC

BLUE ARC CUT160

Key Features

- IGBT plasma cutting inverter
- Wheel mounted, easy to manoeuvre
- Variable cutting control
- HF ignition
- LED display
- Smooth precise cutting
- Simple operation
- IN-built pressure regulator
- Suitable for automated cutting
- CNC connection for automation cutting

The **BLUE ARC** Cut 160 is professional high-end cutting inverter equipped with the latest IGBT technology.

This technologically advanced plasma inverter is extremely user-friendly and offers consistently reliable cutting performance.

The machine provides variable cutting control that allows the operator to produce precise smooth cuts.

Technical Data

AC 415V - 50/60 Hz

Input Power 29.2

Range 30 - 160

Duty 160A @ 60%

Clean 45mm
Severance 50mm

220 Ltr/Min @ 5 bar

Power Factor 0.99

Class: IP21/F

676 x 333 x 712

55

Package Includes

Inverter power source, Earth return lead,
Operating instructions, Plasma torch.

Not Included

Replacement plasma torch Consumables
