

BLUE ARC

BLUE ARC TIG 200P AC/DC Mini Digital

The **BLUE ARC** TIG 200P AC/DC mini is a technologically advanced single-phase inverter power source offering an ultra portable solution. The innovative and user-friendly control panel offers a digital weld cycle, welding modes and a program memory feature for storing different welding parameters. The excellent technical characteristics of the 200 AC/DC make it an ideal choice for professionally qualified TIG welders that require precise and reliable performance.

Key Features

- TIG Pulse AC/DC with digital control
- Digital display
- Program memory storage
- Easy to use, intuitive control panel
- Pre-post flow time, up/down slope
- Pulse adjustment
- Pulse frequency, pulse duty, arc force.
- Remote control interface
- AC function for aluminium and aluminium alloys
- DC TIG function for carbon steel, copper and non ferrous metals
- High speed pulse with precise adjustment for ultimate weld bead

Package Includes

Inverter power source, Operating instructions.

Technical Data

AC 230V - 50/60 Hz	Fuse 16 Amps
MMA Range 10 - 160 TIG Range 5 - 200	MMA Duty 160A @ 30% TIG Duty 200A @ 25%
No-Load V 56	E% 85
PF Power Factor 0.7	IP. Class: IP21/B
435 x 160 x 340	Kg 9

Not Included (Available from your local suppliers)

MMA leads, Mains plug, Electrodes, TIG Torch, Gas regulator, Earth lead. PPE (Welding helmet, gloves, etc)
